# **Register for an iLab Account**

All users are required to complete a one-time registration; once registered, the system will enable you to place service requests and monitor progress.

Types of User Accounts:

- Internal Users Internal users are from UCI and have a UCInetID
- External Users External users are from other institutions outside of UCI (e.g., non-profits, other UC campuses or academic institutions, industry)

Note: Internal users who are CFCCC Members as of March 1, 2021 have been pre-registered for an iLab account.

## **Registration for Internal (UCI) Users:** To get started, you must register for an account.

- 1. Navigate to the BSR core page: <u>https://uci.ilab.agilent.com/service\_center/show\_external/5661</u>
- 2. In the upper-right-hand corner of the screen select Register and click the Register using UCI Credentials option

* Last Name	
<ul> <li>Email Address</li> </ul>	
* Phone Number	Phone Number

- 6. Once your registration has been submitted, your PI will receive a notification that you have requested membership to their lab in iLab (they will need to approve your membership and assign any KFS Accounts for your use)
- 7. Once you receive a notification email that your account has been approved, you can request services from the BSR core

**Registration for External (Non-UCI) Users:** To get started, you must register for an account. Anyone that does not have a UCI email and does not belong to a UCI PI's lab is considered external.

- 1. Navigate to the BSR core page: <u>https://uci.ilab.agilent.com/service\_center/show\_external/5661</u>
- 2. In the upper-right-hand corner of the screen select Register and click the Register for an iLab Account option

- 3. You will be asked to provide your institution email address, personal information (name, phone, role), PI contact information, and billing information
  - If your institution and PI already exist in iLab, your account is automatically created
  - If your institution or PI does not exist, your account will be sent to the iLab support team to be approved (allow 24 hours for your account to be reviewed/approved)

**Pre-Registered Internal Users:** You have been pre-registered for an iLab account and can sign in using UCI credentials.

- 1. Navigate to the BSR core page: https://uci.ilab.agilent.com/service\_center/show\_external/5661
- 2. Sign in using UCI credentials
- 3. You will be directed to the DUO authentication page where you will need to enter your UCInetID and password
- 4. Once you have entered your credentials, click the Login button

## Navigate iLab

iLab uses a navigation structure that relies on a left-hand navigation panel (typically hidden) for access to all high-level system areas, combined with several navigation elements at the top of the screen that provide access to various system functions. The main area of the screen contains the currently active interface.

And a	
Overview of Services	
The Chao Family Comprehensive Cancer Center has established the Biostatistics Shared Resource (BSR) to assist investigators associated with the primary activities of the Biostatistics Shared Resource include.	the Cancer Center to conduct and communicate research of the highest possible quality
1) Statistical design for new studies     2) Statistical analysis of data and consultation     3) Development of clinical research protocols.	
The BSR has been involved in data analyses in a wide variety of projects, including genetic epidemiology studies, cancer etiology research, clinical modalities, cancer clinical triats, and in vitro studies. Priority is given to Cancer Center members and cancer-related studies.	I studies to evaluate biological markers, assessment of diagnostic methods and treatme

Each Core is organized into tabs across the top of the page (tab names may vary by core). The most common tabs are:

- About Our Core: Overview of the core's offerings and various logistical details
- Request Services: Request services from the core
- View My Requests: View all your requests with the core
- Contact Us: Submit a question or comment to the core staff

## **Initiate a Service Request**

To initiate a service request, you must already be registered in iLab. Once registered, navigate to <u>https://uci.ilab.agilent.com/service\_center/show\_external/5661</u> and sign in (upper right-hand corner of the screen).

#### Layout of Request Services Tab

The layout of the Request Services tab is illustrated below:

The interface has three sections:

- 1. Forms and Request Details: This section will contain any forms that need to be completed as part of the service request
- 2. **Cost**: This section is for core use only and may reflect an initial cost estimate for the service request, or it may be empty and later updated by the core after submission
- 3. Payment Information: This section is where payment information can be provided (described below)

Once you have completed these sections, click one of the buttons at the bottom of the interface to proceed:

- **Submit request to core**: Submit the request for the core to review
- **Save draft request**: Close the Service Request interface and save the current request as a draft (it can be revisited and completed from the View My Requests tab)
- **Cancel**: Cancel the request (all completed information will be lost)

Note: If you (accidentally) refresh your browser while completing a service request, it will be saved as a draft and can be found on the View My Requests tab.

## **Enter Payment Information**

The final section of the Service Request interface asks for the payment information to be used for the request.

 If you are an Internal User, the Fund Number can be entered manually or selected from a drop-down that will contain all KFS Accounts assigned to you by your PI or Lab/Group manager Note: If no Funds are available, you should contact your PI or Lab/Group manager to assign you one or more Funds.

# Manage a Lab/Group (for Pls/Lab Managers)

The Lab/Group interface is the central hub for PIs and Lab/Group Managers to manage the Lab/Group members, access to funding, monitor budget and modify various settings. In iLab, every user must be a member of at least one Lab/Group to be able to request services and make reservations.

## Access & Manage Your Lab/Group

To access your group, either hover over the My Groups link on the left-side navigation and then select the lab from the pop-up or click on the My Groups link and then select the lab from the list on the next page (if you have only one group, clicking the link will take you straight there).

To manage your lab/group, utilize the various tabs across the top of the iLab screen (described in detail below):

## Membership Requests & Fund Numbers Tab

The layout of the Membership Requests & Fund Numbers tab is illustrated below:

Manually add a new Fund Number				

- 1. Membership Requests: Accept or decline users that are looking to become members of your lab
- 2. **Manage Fund Numbers**: The main purpose of this interface is to assign/unassign access to funds for each of your group members (the Fund Grid)
- 3. **Manually add a new Fund Number**: This interface lets you add new fund numbers to your Research Group

• Accept/Decline Membership Requests

During the registration process, users can select the PI they work with. When a user selects you as their PI, you will see a membership request at the top of the page.

You can choose to Accept or Reject the membership request. If accepted, the user will be added to your group/lab. You will then be able to assign funding to your user.

## • Assign/Unassign Fund Numbers

Adding or removing fund numbers for each of the lab members can be done in the Manage Fund Numbers section of the tab. To assign a fund number to a user, click the check box of the fund number in the row for that user. To remove a fund number, uncheck the box for that user.

 Default auto-approval threshold: The maximum cost of a service request that can be automatically approved

Note: The UCI default auto-approval threshold is \$5000.

 Cost overage buffer: The amount that a service request can go over the original agreed-upon cost before a notification is sent to the lab administrators

Note: The UCI-default cost overage buffer is \$100.

## • Manage Memberships

The Lab Members and Settings section allows you to add/remove members from the group and manage the existing memberships.
